

DESTROYIT® 2503

Compact, entry model Centralized Office shredder with a 10.25" feed opening and 20 gallon shred volume.

A **SOLID STEEL CUTTING SHAFTS** High grade, hardened steel cutting shafts are milled in our Balingen factory and warranted for life. *

B **PATENTED SAFETY FLAP** Electronically controlled, transparent safety shield keeps fingers out of the feed opening.

C **EASY SWITCH** Multifunction control element uses optical signals to indicate the operational status, and functions as an emergency stop switch.

D **ENVIRONMENTALLY FRIENDLY BIN** Durable, lightweight shred bins can be used with or without disposable bags.

*Super micro-cut shafts are covered by a 1 year warranty.

DESTROYIT[®] 2503

Comprehensive SPS safety package: Easy Switch control element uses illuminated color codes and symbols to indicate operational status and functions as an emergency stop switch; patented, electronically controlled, transparent safety shield in the feed opening; automatic power cut-off when cabinet is opened or shred bin is full; automatic reverse and power cut-off when overfed; double protection against overheating; Zero Energy Consumption sleep mode cuts off power supply after 30 minutes of inactivity. Automatic start and stop controlled by photo cell. High quality, hardened steel cutting shafts take staples, paper clips, and credit cards (cross-cut models). Super micro-cut model meets all NSA/CSS specifications and is DOD approved. Lifetime warranty on the cutting shafts (cross-cut models). 1 year warranty on super micro-cut cutting shafts. Quiet and powerful single phase motor. Fully enclosed gear box housing. High quality wooden cabinet mounted on casters. Convenient, environmentally friendly shred bin does not require disposable shred bags.

Security level P-2	.187" strip-cut (4 mm)
Sheet capacity	19 - 21*
Security level P-4	.187" x 1.5" cross-cut (4 x 40 mm)
Sheet capacity	12 - 14*
Security level P-5	.093" x .625" cross-cut
Sheet capacity	(2 x 15 mm) 8 - 10*

*Sheet Capacity is based on 70 gsm paper, and are normally only achievable in ideal situations, so heavier duty paper will shred less sheets. In many cases the capacities quoted are theoretical as conditions vary and are dependent on operator usage, age and condition of machines, how regularly cutters are oiled, type and quality of paper etc. so realistic throughputs can be as low as half that of the theoretical capacities quoted.

Specifications:

Shred volume	20 gallons
Feed opening	10.25"
Electrical requirements	115 volts
Maximum horsepower	.75
Dimensions (D x W x H)	14.75" x 19.75" x 34.25"
Shipping weight	78 lbs.
